## Warrior Class Agreement

### Background & Purpose

The Fitness Warriors program was developed to lower the risk of chronic diseases (diabetes, hypertension, heart disease, cancer, and stroke) in and around Richmond by increasing opportunities for residents to engage in regular physical activity. In order to reach the populations most vulnerable to chronic disease, the Fitness Warriors program trains members of the community to lead free fitness classes in various locations throughout the region, including schools, churches, senior residences and recreation centers with community members who most need improved access to fitness and activity.

### Expectations

The Fitness Warriors Program will:

1. Coordinate a place or platform for the instructor to lead free onsite or online group exercise classes at least once per week.
2. Provide liability coverage for the fitness class. The Fitness Warriors program is fully covered by a General Liability Insurance Policy for the free classes that our instructors teach.
3. Create and perform participant evaluations and self-report surveys.
4. Collect and analyze attendance data and survey results to evaluate the impact of the program. This information will be made available to individuals annually.
5. Make available an online platform, such as Zoom, to host weekly class time.
6. Provide a moderator to host online classes and provide support via chat for participants.
7. Maintain and promote an online schedule of all Fitness Warrior classes, which can be found at [RVAFitnessWarriors.org](http://RVAFitnessWarriors.org) and via [Instagram](#) and [Facebook](#)
