Physical Activity Readiness Questionnaire

YES NO

- 1. Has your doctor ever said that you have a heart condition and that you should only do physical activity recommended by a doctor?
- 2. Do you feel pain in your chest when you do physical activity?
- 3. In the past month, have you had chest pain when you were not doing physical activity?
- 4. Do you lose your balance because of dizziness or do you ever lose consciousness?
- 5. Do you have a bone or joint problem (for example, back, knee, or hip) that could be made worse by a change in your physical activity?
- 6. Is your doctor currently prescribing medication for your blood pressure or a heart condition?
- 7. Do you know of any other reason why you should not do physical activity?

If you answered 'Yes' to any of the above questions: Talk with your doctor by phone or in person BEFORE you start becoming much more physically active. Tell your doctor about the PAR-Q and which questions you answered YES.

- *You may be able to do any activity you want – as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.*
