

KIDS ON THE MOVE

Pass the Plush

Materials Needed: Large play area, cones (at least 5), 2 stuffed animals or plushies

Set Up:

1. Place 2 cones side by side (about 5 feet apart). This will be where your team's start.
2. In the space between the two starting cones, line up the remaining cones vertically (about 3-5 feet apart). There should be enough cones for each kid to run at least once.
3. Place a stuffed animal at each team's start cone.

How To Play:

1. Split your group into two teams. Have each team line up behind their start cone.
2. When the whistle blows, the first player picks up the stuffed animal, runs it to the first cone in a vertical line, places it by the cone, and runs back to tag the next player.
3. The next player runs to the stuffed animal, picks it up, runs it to the next cone in the line, places it down, and runs back to tag the next player.
4. Repeat this pattern, moving the stuffed animal one cone forward each turn, until it has been placed at each cone and returned to the team's start cone.
5. The first team to get their stuffed animal back to their starting cone wins!
